

North America Phase Converters & Electrical Supply
Rotary Phase Converter
Limited Lifetime Warranty

North America Phase Converter & Electrical Supply ("NAPCES") warrants that all rotary phase converter control panels (the "Goods") are free from defects in material and workmanship. NAPCES will, at its option, repair or replace any part which, upon examination, inspection and testing by NAPCES or a NAPCES Authorized Service Center, is found to be defective. Warranty work will be scheduled according to the normal work flow and business hours of the service center. Warranty is from the date of purchase and for the original purchaser. All transportation costs under the warranty, including return to the factory, are to be borne and prepaid by the purchaser. Idler generator motor warranties are covered by the manufacturers and subject to their terms and conditions.

Warranty Period: NAPCES parts warranty period for rotary phase converter control panels (the "Goods") is ten (10) years and one (1) year for start capacitors . NAPCES labor warranty period for rotary phase converter control panels (the "Goods") is lifetime. This is a Limited Lifetime Labor Warranty, NAPCES will maintain the control panel and perform repairs caused by normal use, for free, any time during the control panels useful life and does not cover accidents, misuse, abuse, negligence, alterations or repairs by unauthorized personnel.

This warranty is exclusive and is in lieu of any other warranty expressed or implied, including but not limited to any implied warranty or merchantability or fitness for a particular purpose.

Warranty Exclusions: The above warranty does not cover: workmanship of installation, dissatisfaction or damage due to improper installation, vandalism, misuse, accident, excessive wear and tear, unauthorized repair, abnormal use, lack of maintenance, or other(s) not within NAPCES's control. North America Phase Converters & Electrical Supply ("NAPCES") will not be liable, under any circumstances, for consequential or incidental damages, including but not limited to labor costs, lost profits resulting from the use of or inability to use the goods or from the goods being incorporated in or becoming a component or any other product. Without limiting the generality of the foregoing, NAPCES will not be responsible for the labor costs involved in the removal of Goods or the installation of replacement Goods. NAPCES will not accept the return of any Goods without its prior written approval.

A licensed electrician must perform all installations and must comply with all national and local electrical codes. Not all NAPCES rotary phase converters are UL certified. UL is an option and must be specified when ordered. Customer is responsible for meeting and complying with installation codes and inspections.
